SFD's Strategy in financing water sector projects

the SFD basically aimed to provide clean water suitable

for drinking

irrigation and agriculture

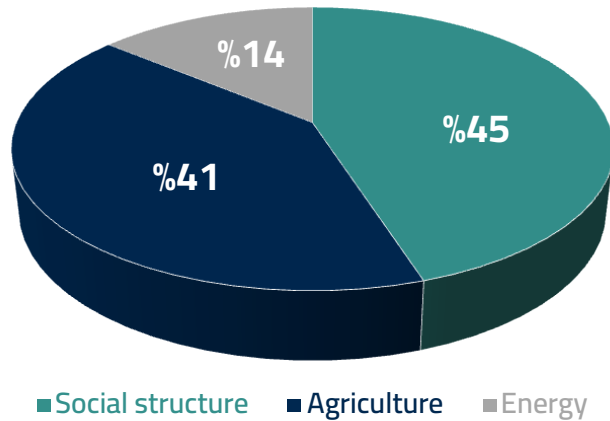

improvement of the sewerage system

the Fund contributed to the reduction of the developing countries' problems in this field particularly the wide-spreading of diseases and increase in the number of deaths due to the lack of clean potable water or adequate sewerage systems.

SFD's cumulative activities in Water Sector (Drinking water Sanitation, Hydroelectric dam's, Irrigation canals, Irrigation and drainage, Agricultural dam's) projects until 3Q of 2023

Saudi Well Drilling and Rural Development Program

Launch

In response to a call launched by African countries during Islamic Summit Conference held in Makkah Al-Mukarramah in 1981

Implementation

1982

Why?

To directly reduce the impact of climate change in different rural areas of African countries

Main Goal

Drilling wells and providing drinking water for its people in rural areas

Contribution

USD 330 Million to date

Implementation stages

First phase
1982-1988
USD 100 Mn

Second phase
1987-1991
USD 30 Mn

Third phase
1997-2005
USD 50 Mn

Fourth phase
1982-1988
USD 50 Mn

Fifth phase
2016
USD 100 Mn

Saudi Well Drilling and Rural Development Program

Development impact:

Achievements

- 10 thousand water facilities drilled and equipped
- Over 5 million beneficiaries

Benefits

- Development of agriculture and livestock
- Health, economic and social development

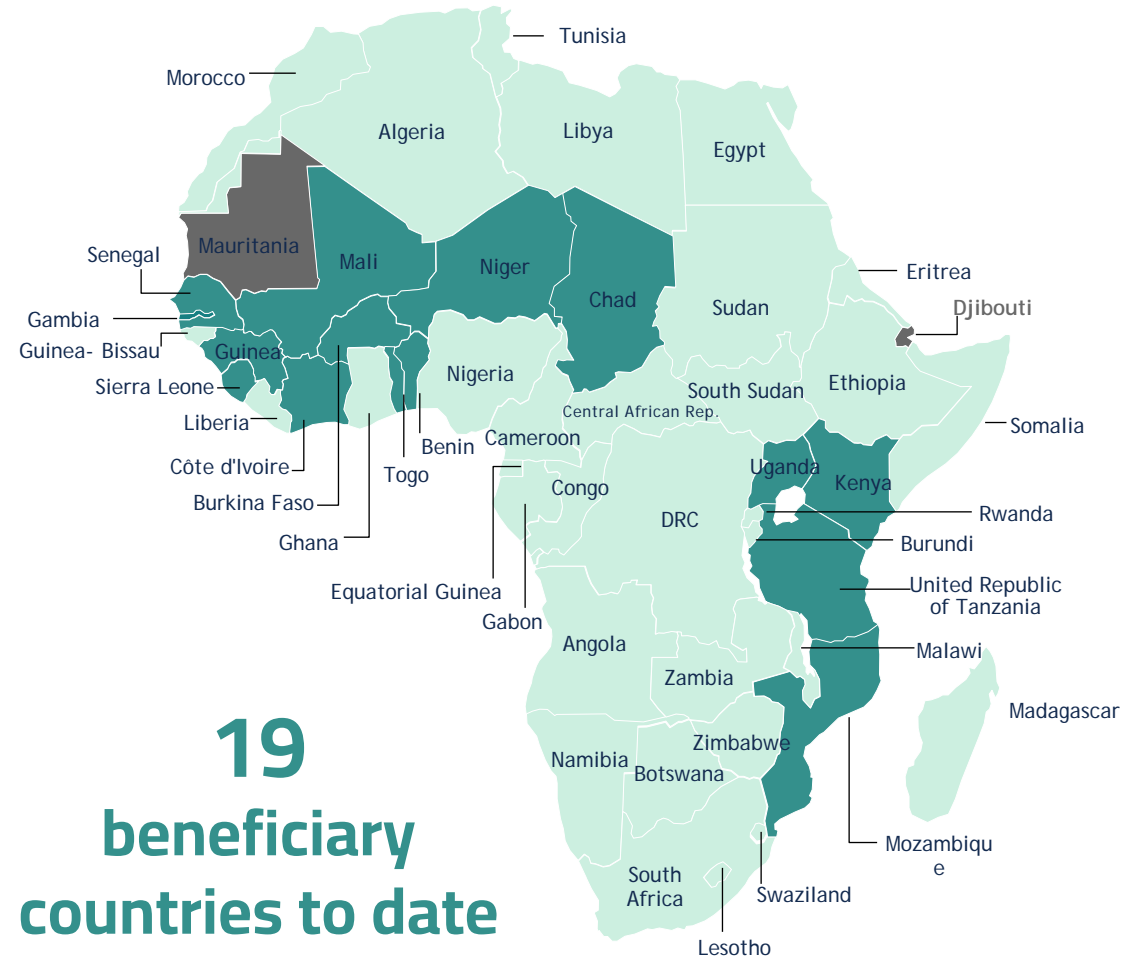

Millennium Development Goals

- **Target 7.** Ensure environmental sustainability through halving share of population without access to water

Sustainable Development Goals

- **Goal 2.** Zero hunger (food security, improved nutrition and agriculture)
- **Goal 6.** Clean water and sanitation

Three types of water wells are implemented

**Shallow drilled-wells
(water boreholes)
equipped with hand
pumps**

**Deep drilled-wells
(water boreholes)
equipped with solar pumping
system, elevated water tanks and
water distribution network system**

Traditional open wells
